

ENJOY SLIQUE TEA **LOSE WEIGHT!**

Slique Tea is an exotic drink from Young Living that has been formulated with natural ingredients to help support individual weight goals. Slique Tea contains Jade Oolong Tea from Taiwan. It is a delicious, premium blend of wholesome and rare ingredients with a wonderful taste!

One of the biggest health benefits is its capacity to aid weight loss

There are many reasons to drink oolong tea:

Burning fat for energy
Stimulating the metabolism
To prevent heart disease and cancer
For lowering blood sugar levels
For Reducing high blood pressure

Lowering the fattening effects of carbohydrates
Increasing brain function and promoting alertness
For Lowering our LDL (bad) cholesterol level
For relieving physical and mental stress
For strengthening immune system

Slique Tea also contains:

Ecuadorian Ocotéa Leaf, a member of the cinnamon family. Decrease glucose and triglyceride and blood pressure levels, Antifungal, Anti-inflammatory. A few drops and cravings are gone!

Arabian Frankincense powder an exclusive ingredient from Young Living. Essential oils have enzymes and frankincense is digesting and increases the oxygen levels in the body while moving the toxins out.

Pure Vanilla Essential oil contains 80-90% eugenol which has a calming effect on the brain, numbing your cravings. Also numbs the nerves and gives relief from anxiety, anger, restlessness etc. Vanilla essential oil can stimulate weight loss by significantly reducing a person's sweet food intake.

Amazonian cacao contains a naturally rich supply of antioxidants 98%, and is a good source of dietary fiber. It is also known to be one of the highest dietary sources of magnesium, flavonoids, and polyphenols. It also has a high source of Vitamin C. Amazonian Cacao is processed at a low temperature of 140 degrees while other cocoa is processed at 240-260 degrees killing all the antioxidants.

Oolong tea **caffeine benefits**: The low doses of naturally occurring caffeine can provide a wide range of benefits. It increases alertness, stimulates metabolism and helps to improve our mood.

Slique tea bags can be infused several times before needing to be discarded. Each infusion of the tea will cause a different aspect of the subtle flavors to be prominent, allowing you to detect more of the tea's complexities with each cup.
